

Epson Lifestudio Grand Plus

EH-LS970B - Metallic black

A 4K ultra-short-throw smart projector-TV designed with advanced image and audio technologies to transform your everyday viewing into a truly cinematic immersive experience.

A 4K ultra-short-throw projector-TV designed to transform your everyday viewing into a truly immersive cinematic experience. Combining advanced image and audio technologies, high brightness, built-in smart TV functionality and effortless setup, it's ideal for everyday, all-day big-screen entertainment.

Cinematic performance

Elevate your viewing experience across movies, TV shows, sports and gaming. Featuring stunning 4K clarity powered by Epson's 3LCD laser technology and AI image enhancement, it delivers vivid, natural colours and immersive big-screen entertainment for modern media rooms.

Intelligent image processing

Experience AI-powered image enhancement with the upgraded MT9681 TV chip. Improved high-contrast performance, optimised colour saturation and intelligent upscaling of lower-resolution content work together to enhance overall image quality, delivering sharper, more vivid visuals.

Everyday big-screen entertainment

Enjoy it all day, every day. With 4,000 lumens of brightness and an ultra-short-throw design that sits just 30 cm from the wall, it delivers vibrant, immersive entertainment on screens up to 150 inches — even in bright rooms. Installation and setup are effortless with the Epson Setting Assistant app.

No extra speakers needed

Feel truly immersed with a room-filling audio powered by Sound by Bose and Dolby Audio technology. The custom-designed 20W 2.1-channel stereo system delivers rich, powerful and balanced sound with deep bass, creating audio you can feel and pulling you—and everyone around you—right into the action.

Entertainment you love, with a little help from Google

Access your favourite content from across your apps and subscriptions in one place with Google TV, featuring 400,000+ movies and TV episodes across 10,000+ apps. Use Google Assistant voice commands to control your projector and Google Cast to stream directly from your smart devices.

Low-maintenance, long-life solution

Enjoy up to 10 years of worry-free entertainment. Featuring a long-life laser light source with no need for lamp replacements, this projector is designed for frequent use with minimal maintenance, all backed by a 5-year warranty for added peace of mind.

KEY FEATURES

- **4K cinema-like image quality**
Detailed 8.3 million-pixels visuals up to 150 inches, powered by Epson's 3LCD and AI image enhancement technology for vivid, natural colours and rainbow-effect-free viewing — up to 3× brighter*.
- **Ultra-short-throw, ultra-bright performance**
With a space-saving design that sits ultra-close to the wall and 4,000 lumens of brightness, it delivers exceptional bright-room performance for immersive, all-day big-screen entertainment.
- **Sound by Bose & Dolby Audio**
Advanced audio technology delivers crystal-clear, room-filling 20W 2.1-channel stereo sound without the need for extra speakers, while Bluetooth connectivity enables standalone speaker use.
- **Google TV & Google Assistant**
Easy access to 400,000+ movies and TV episodes across 10,000+ apps, with all your favourite entertainment and subscriptions together in one place — including Netflix and more*.
- **Epson Projection Studio app**
A social app designed to help you create unforgettable moments and share them with friends and family, while enjoying smart projection controls — all from your mobile device.
