

Deluxe cinema,
epic moments

Meet the PX4PRO TriChroma Laser Cinema

Inspired by a world of incredible color at a scale that makes everything feel brand new. Up to 3,500 ANSI Lumen, 6,500:1 contrast ultra-short throw projector features the TriChroma laser engine to reach 118% of the BT.2020 color space. That's a color you've never seen on the screen. Upgraded to support Dolby Vision, HDR10+, bringing incredibly vivid details to life. Premium features like Dolby Atmos®, Devialet Audio, High-Speed HDMI, IMAX Enhanced, Filmmaker Mode, 3D, and a perfectly paired with Hisense ALR screen (sold separately, option: 100", 110", 120", 139", 150") make the PX4PRO the ultimate home entertainment upgrade.

- 4K Resolution
- 118% BT.2020 Color
- Dolby Vision, HDR10+, HDR10, HLG
- IMAX Enhanced
- 7 Levels IRIS
- Red + Green + Blue Lasers
- 80"-200" Projection Size

- Up to 6,500:1 contrast with IRIS
- 0.2 Throw ratio
- Sound by Devialet
- Dolby Atmos, DTS X
- FreeSync Premium
- Smart VIDAA platform
- Active 3D

3 Pure Color Lasers

TriChroma really is R, G, B-eautiful. The PX4PRO uses pure red, green, and blue lasers to achieve new levels of color performance, reaching 118% of the BT.2020 color space – that's more color than you've ever seen on a TV.

118%

BT.2020 Color space

1.07 Billion

Colors

Dolby Vision & Dolby Atmos, IMAX Certificate.

--Surround Your Senses

Experience Dolby Vision and Dolby Atmos in one. Indulge in Dolby Vision, HDR10+, HDR, IMAX certificate and crisper images powered by Hisense LPU Laser Engine. Use Dolby Atmos, to amp up your audio-visual experience. Without any technical fuss as it automatically optimizes your audio-visual journey.

VIDAA Smart OS--Entertainment you love

No more jumping from app to app. VIDAA OS brings together movies, shows, and more from all your subscriptions. Need inspiration? Get curated recommendations, use VIDAA's powerful search to find shows across apps, or browse hundreds of free channels. And with personalized profiles, everyone's experience is customized for them.

Smart Home Ready

-- Simplified Smart Living

Built-in WiFi, Bluetooth, Airplay and Apple Home, Miracast, DLNA, and Control4 compatible, the PX4PRO can be integrated with your smart home ecosystem to create automations to your heart's content.

4K AI Upscaler, IMAX Enhanced

--Elevate Every Pixel

Hisense's 4K AI Upscaler, IMAX Enhanced technology ensures everything from the old classics to modern streaming content receives a crystal-clear 4K makeover, turning the ordinary into extraordinary visual experiences.

7 Levels IRIS

The PX4PRO delivers clearer, sharper projection with more detailed shadows and deeper blacks in any lighting condition and at any screen size, thanks to 7 levels of IRIS control and 2 preset IRIS modes.

Ultra Short Throw Technology

--Maximized Space, Magnified Screen

The ultimate ultra short throw technology allows a giant picture within small distance without sacrificing any resolution and clarity.

3,500 ANSI Lumens Brightness

-- Every Corner Glitters

Dive into a world where lights dazzle and shadows deepen, as PX4PRO meets total HDR standards. Every subtle nuance tucked in the corners is clear, and each frame strikes a balance with 3500 ANSI Lumens peak Brightness. Dolby Vision further elevates the incredible depth and rich details, whether it's the glint in an actor's eye or the intricate folds of a dark cloak. Experience layered visuals that are rich, detailed, and true to life.

Sound by Devialet

--Direct Sound for an Immersive Experience

Indulge in sound that pulls you into the story with PX4PRO Premium speakers. This speaker design ensures that every auditory detail is aimed right at you, for an enveloping, theater-like experience right in your living room.

25,000+ Entertainment Hours

--Enjoy more than 12,500 films

TriChroma durable technology adopts precise light sources to ensure 25,000+ hours of entertainment and the demand of watching over 12,500 films (2 hours per film), making your vision full of unparalleled realism.

Energy Saving--Doing More, Using Less

Dive into the efficiency of Lasers Energy Saving technology, surpassing conventional standards by reducing electricity usage impressively by 50%. Enjoy responsibly without compromise.
